disclosures and have the following comments. In some of our comments, we may ask you to

provide us with information so we may better understand your disclosure.

Please respond to these comments within ten business days by providing the requested $% \left(1\right) =\left(1\right) \left(1\right) +\left(1\right) \left(1\right) \left(1\right) +\left(1\right) \left(1\right) \left$

Form 10-K for the Fiscal Year Ended December 31, 2018

Management's Discussion and Analysis of Financial Condition and Results of Operations for the

Year Ended December 31, 2018 versus 2017, page 62

1. We note the continued decrease in subservicing fees retained by the $Company\ on\ NRZ$

serviced MSRs in both fiscal 2017 and 2018. Please revise, in future filings, to disclose

the average subservicing fees expressed as a percentage of UPB, retained on these NRZ

serviced MSRs. In addition, disclose how the terms of both the September 2017 and the

January 2018 New RMSR Agreements with NRZ impacted the fees recognized on serviced loans in each period presented.

2. Please revise to discuss, in future filings, to more thoroughly address and explain reasons $\,$

for the individual changes in the specific inputs which have impacted the MSR valuation

adjustments in each of the periods presented. For example, discuss why the benchmarking

updates to non-Agency MSRs were reflected in fiscal 2017 and not in 2018.

3. We note the decreases in compensation and benefits, in occupancy and equipment and in

technology and communications expenses in fiscal 2018 compared 2017. We note the $\,$

significant continued reduction in overseas and total average $\mbox{\it employment}$ in both fiscal

2017 and 2018 and also the increase in unutilized operating space. Please revise, in future ${}^{\circ}$

filings, to discuss whether this trend is expected to continue and the expected costs $% \left(1\right) =\left(1\right) \left(1\right) +\left(1\right) \left(1\right) \left(1\right) +\left(1\right) \left(1\right)$

involved, in light of the PHH acquisition and the increase in the number of U.S. based

employees.

4. We note the decline in professional services expenses in fiscal 2018. Please revise, in

future filings, to discuss the specific reasons for declines in specific individual expense

types between periods. For example, address why there was a decline in legal expenses in

2018 compared to 2017 and why was there a reduction in fees with the MSR conversion

with NRZ. In addition, given that you are responsible for future fees, disclose the costs for $% \left(1\right) =\left(1\right) \left(1\right) \left$

"subsequent fees" moving forward as well the nature of these to be incurred expenses.

5. Please revise to disclose, at each period presented, the remaining deferred revenue

amounts received from NRZ in the form of lump-sum payments under the September $\,$

 $\dot{}$ 2017 and January 2018 agreements. Tell us why it is appropriate, and the accounting

basis, for recognizing these amounts as revenue over the initial term of the original $% \left(1\right) =\left(1\right) +\left(1$

agreements, which is generally April 2020, as opposed, for example, to the expected term $\,$

of the underlying loans which are being serviced under the NZR agreements. In addition, $\,$

 $\,$ provide a rollforward of activity as it relates to these deferred revenue amounts for each

period presented.

In closing, we remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff.
